

## LOCAL PASTORS GO ON VACATIONS

Annual Pilgrimages of Rest Are Being Taken by Ministers—Hostetter on "Pearl of Great Price."

Many of the South Bend pastors will begin their summer vacation this week to be absent from their pulpits during the month.

Rev. Henry L. Davis, pastor of the First M. E. and Rev. Charles A. Decker, of the First Baptist church, who have been on vacations during the past month, will return to the city to officiate in their respective pulpits next Sunday.

Among those who will be away are Rev. G. W. Henry, Rev. H. B. Hostetter, Rev. C. A. Lippincott and Rev. J. L. Gardiner, who is spending his vacation in northern Michigan. He will return next Sunday for the day and will preach at both services.

**Pearl of Great Price.**  
Rev. H. B. Hostetter spoke on the parable of the "Pearl of Great Price" at the Westminster Presbyterian church Sunday evening. He said:

"This parable found in Matt. XIII, emphasizes the truth that Christianity is a personal matter and must be appropriated by a definite personal act on the part of each individual.

Christianity confers certain blessings on all, but no man is saved by the general influence of religion, that calls for a clear transaction between the individual and his God.

"The Pearl of Great Price is obtained not by purchase but by self-surrender. The man who discovered it must need give up all that he had to obtain it. This must be the spirit of the Christian subordination of all that we have and owe to God.

"Salvation is a gift but it can be had only by yielding our all to the Giver. We must give first place to the things of His kingdom. Make it the business of your soul and your sole business to find Christ and learn of Him. You have the promise that 'If ye seek ye shall find—if ye ask ye shall receive—if ye knock it shall be opened unto you.'"

He took his morning theme from Matt. V, 13: "Ye are the salt of the earth." Both services were well attended. Special song services were rendered. In the absence of the pastor for the remaining part of the month, the laymen of the church will secure some one to take charge of the worship.

At Grace M. E.  
Rev. E. Richards, prominent as a missionary worker, delivered an address at the Grace M. E. church in the evening, touching on conditions in Africa, where for a number of years he was a missionary.

LONG BEACH, N. Y., Aug. 4.—Osgood Pell, a mineral real estate broker of New York city, with his chauffeur, whose name could not be learned, were killed at Long Beach crossing Sunday night when their automobile was struck by an electric train. William Laineber and his wife of Hempstead, who were riding in the Pell machine, were badly injured. Laineber, it was said, will not recover.

## BLIND INDIAN LIVES ALONE

His Nearest Neighbor Lives Two Miles Away, But Poor Lo Doesn't Mind It in the Least.

SPOKANE, Wash., Aug. 4.—Totally blind and living entirely alone, two miles from his nearest neighbor, building his own fires and cooking his own meals, even to making bread, is Eschmunkein Paul, an aged Indian of the Caispel tribe, according to the story brought to Spokane by Father Louis Taelman, president of the Gonzaga university.

Father Taelman, who a few years ago was a missionary to the Caispel Indians, still is their spiritual adviser, and makes frequent trips to their tented village on the Pend Oreille river, about 60 miles northeast of Spokane. But the old blind tribesman lives apart from his people, a life of the utmost seclusion.

"I was amazed at the case of old blind Eschmunkein Paul," states Father Taelman. "I investigated his condition. He is stone blind and yet lives entirely alone, two miles from the nearest neighbor. The wonderful part of his story is that he travels about at will, visiting the people of his tribe, always going directly to the place at which he desires to visit. He never gets confused in roads by taking the wrong one. He lives in a small cabin throughout the year without assistance. He builds all his own fires and prepares his meals. He can cut his meat or make bread as good as most persons who have the use of their eyes. The only way in which I can account for his strange case is that the wonderful instinct, so acute in him during the 40 years of his blindness that it has taken the place of his eyes. Among the Caispels there is a great deal of blindness and bad eyes, due to the smoke from their tepee fires. It has proved a great detriment to their more rapid advance in civilization. The old head chief, Masalah, is blind."

THE GULF AND WEST WILL HAVE TO SUFFER NEXT

Weather Bureau Promises Cool Weather for the Rest of the Country.

WASHINGTON, Aug. 4.—Cooler weather throughout the country except in the gulf and Pacific coast states during the coming week is predicted by the experts of the weather bureau.

"The distribution over the north American continent and the adjacent oceans," the weekly forecast says Sunday night, "is such as to indicate temperatures below the seasonal average the coming week over the northwestern states, the great central valleys, the region of the Great lakes, and the eastern states, and near or slightly above the normal in the gulf states and on the Pacific coast. No warm wave is probable east of the Rocky mountains for a week."
